# Why Choose the Manage Plan?

## Challenges

- ! Short-staffed and lack SMEs
- ! Not getting value out of my data protection investments
- ! Unable to effectively manage my data protection products
- ! Have critical gaps in my incident response processes
- ! Need a plan for optimizing my investment in this product
- ! Have multiple DLP tools resulting in an uncoordinated and inconsistent data loss prevention (DLP) program

## Benefits

- ✓ Bridge the expertise gap by leveraging an Operational Analyst
- ✓ Align with the organization's data protection needs and business outcomes, by:
  - Effectively managing & optimizing the overall DLP program
  - Initial incident triage & investigation
  - Providing incident response enrichment
- ✓ Synthesize management of multiple DLP tools into a consolidated programmatic approach

## Outcomes

- ↑ **Lower Total Cost of Ownership:** InfoLock's cost-effective DLP program development and maintenance leads to an average annual savings of \$450k
- ↑ **Risk Reduction:** Annual overviews from InfoLock highlight major incidents and costs prevented by DLP, demonstrating liability avoidance and positive financial outcomes
- ↑ Uninterrupted DLP program delivery, eliminating operational burdens like recruitment and training
- ↑ Increase strategic utilization of FTEs

## About InfoLock

Founded in 2005, InfoLock is the go-to data risk management advisory, consulting, and managed services firm for security conscious organizations. With a programmatic approach, InfoLock expertly manages the complex data risks of its clients, enabling organizations to achieve their strategic business objectives. Named among the "Fastest Growing Companies" on Inc. Magazine's "Inc. 5000" list, InfoLock developed DataRAMP™, a data risk management framework which empowers organizations to understand and manage data risk in the same manner as other organizational risks, such as financial, competitive, and regulatory risk. Headquartered in Arlington, VA, InfoLock serves customers in the financial services, healthcare, government, educational and other highly-regulated industries around the world.
